Community Development Initiative

Dear Business Partners, Friends and Esteemed Golfers

1KR Golf Challenge proudly presents the 8th Edition of the Annual Tshepo (Hope for Children) Charity Fundraising Golf Day on behalf of the Tshepo Community Development Initiative (No 075-966 NPO), and recognizes with appreciation in partnership with Kaya FM in the past.

You are therefore cordially invited to join us on the **26th August 2021** as we return to the fairways and greens of the highly sought-after Golf venue, the Randpark Golf Club, home of prestigious Championship Tournaments.

Traditionally the Tshepo Community Development Initiative has two main projects: The **After-Care Centre in Windsor East** and the **Job Creation Facility at the Scout Hall in Northcliff**.

During 2019 the Tshepo Aftercare Program expanded its services to the children of Windsor. In addition to shifting the focus to reading and literacy, a monthly event reaching about 300 children, teaching them life-skills and providing a safe haven where they learn and grow. Unfortunately because of the Covid 19 Pandemic these noble programs could not be continued in 2020 and had to be suspended for second half of this year.

A Golf Development Program was also initiated in partnership with Randpark Golf Club where a total of 9 children attended weekly lessons, thanks to the resident AAA PGA Professional, Darren Witter. Much progress was achieved through this program. Every effort was made to secure golf equipment so that these Children could play the game and one day realize their dreams of being professional golfers. However because of Covid, the lessons were suspended to be continued during a more safer time.

This fundraising event will go a long way towards restoring the lost confidence in staff as well as resuscitating Tshepo's noble programs and to successfully realize the over-arching Tshepo Vision and Ambition, i.e. "To assist individuals to develop to their full potential so that they make a positive contribution to society".
